

WEDDING HAIR & BEAUTY SPECIALISTS

Look and feel great
on your special day

You'll be understandably nervous about entrusting us with the most important day of your life, until you visit us of course!

Our wedding teams have a wealth of experience when creating the most perfect hair style and beauty treatments for you and your wedding entourage.

Whatever the desired style or size of your wedding, we have the perfect hair and beauty solution and budget to match.

Contact our wedding co-ordinator in the first instance to arrange a free of charge consultation where we can discuss the details of your wedding and suggest an action plan for conditioning, cutting and colouring during the preceding months. We will also discuss possible hair styles for you and your bridal party and arrange trials where appropriate.
